Attachments: Presentation & Resolution

Item:

Discussion and action if any to approve a resolution for support of renovation of the Senior Apartments by MAC-RE LLC.

Discussion:

All they are asking for is a \$250 commitment from the City which can be in kind. This is not a problem from an expense standpoint if it improves living conditions within the City for some folks.

Recommended Motions:

I motion the City approve a resolution for support of renovation of the Senior Apartments by MAC-RE LLC including a commitment of \$250 from the City in support of the project.
