

Need Help with your Septic System? Live in the Attoyac Bayou Watershed?

Funding and technical assistance are available for residents in the Attoyac Bayou Watershed to repair or replace failing or non-existent systems and improve local water quality.

If you are having any of the following problems, your septic system may be malfunctioning:

- ⇒ Your toilet is gurgling;
- ⇒ Water is backing up into your drains;
- ⇒ Your sinks and toilets drain slowly;
- ⇒ There are damp spots in your yard during dry weather;
- ⇒ Areas of your yard have lush grass; or
- ⇒ You smell sewage.

If your home is located in the Attoyac Bayou Watershed and you think your septic system is malfunctioning call Pineywoods RC&D at (936) 568-0414 or email pineywoodsrcd@att.net for more information.
